

Working for the United States Congress is a rewarding experience. The internship programs in the Congressman's DC and Lincoln offices provide young people with the opportunity to learn first-hand about the operations of Congress and its role in our nation's government.

The Congressman's DC and Lincoln offices are looking for hard-working college interns — Nebraska ties are preferred, but not required. If you are interested in applying for an internship, please submit a cover letter, resume, two writing samples, and a list of references to the office you wish to intern for.

Internships are available during the fall, winter, and summer semesters.

For more information please contact one of my offices.
